THE TIME TO ACT IS NOW

In 2020, Connecticut emerged as a top destination for those relocating due to the coronavirus pandemic. With new residents moving into the State, it is important to ensure their vehicles have been properly registered and added to a municipality's grand list.

Did you know...

By utilizing our system and adding vehicles we identify to your grand list, your municipality can potentially yield hundreds of thousands of dollars in tax revenue. After our initial fee, your municipality will continue to collect 100% of revenue from vehicles that we identified year after year as long as the vehicles remain on the grand list. This could equal millions of dollars over the years.

12%

A recent survey of apartment buildings in 10 cities/towns showed that 12% of the vehicles present had out of state license plates

CT is #3

in the nation for inbound moves, with "family health and wellbeing concerns" being the top motivators due to the pandemic.¹

20%

of people relocated to Connecticut between March 1 - August 31, 2020 due to the impact of COVID-19, according to United Van Lines.²
